1. **Introduction**

The European Commission (hereafter ‘the Commission’) is committed to protect your personal data and to respect your privacy. The Commission collects and further processes personal data pursuant to Regulation (EU) 2018/1725 of the European Parliament and of the Council\(^1\).

This data protection notice explains the reason for the processing of your personal data, the way we collect, handle and ensure protection of that personal data, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible controller with whom you may exercise your rights, the Data Protection Officer and the European Data Protection Supervisor.

2. **Why and how do we process your personal data?**

**Purpose of the processing:** On grounds of transparency, the Commission makes public (i) information on meetings held by Members of the Commission (Commissioners), members of their Cabinet and Directors-General of the Commission with interest representatives (organisations or self-employed individuals) on issues relating to decision-making and policy implementation in the Union; (ii) an overview of mission expenses per Commissioner.

The Commission processes personal data within the meaning of Article 3, point (3), of Regulation (EU) 2018/1725 in order to fulfil its above transparency obligations. The types of personal data processed is described in heading 4 of this notice.

The controller as well as Commission staff members assisting Commissioners, members of their Cabinets and Directors-General of the Commission process the personal data for the specified publication purposes.

The information on meetings and mission expenses is processed in the Commission internal dedicated IT system (ATMOS).

The information on meetings is published through ATMOS on the Europa website (webpage of the Member of the Commission or Directorate-General of the Commission concerned). It is also published as a list (in pdf. format) in the profile of the interest representative (organisation or self-employed individual) concerned in the Transparency Register established by the Interinstitutional Agreement of 20 May 2021 between the European Parliament, the Council of the European Union and the European Commission on a mandatory transparency register (OJ L 207, 11.6.2021, p. 1). The Commission makes further available on Data.europa.eu datasets that enable the public to download the lists of Commission meetings with interest representatives in machine-readable XML and/or Excel format.

The information on mission expenses is published through ATMOS on the relevant Europa webpage of the Member of the Commission concerned.

The personal data processed may be reused for the purpose of procedures before the EU Courts, national courts, the European Ombudsman or the European Court of Auditors.

The personal data is not used for any automated decision-making including profiling.
